The historic Kursaal building is declared and protected as a historical monument and thus combines modernity from inside and history from outside of the building.

The striking light elements are ceiling panels with a floral pattern that has been especially designed and developed for the Kursaal. This timeless light element was introduced to brighten the low ceilings and contributes significantly to the room atmosphere. The concomitant measures are all very discreet and functionally planned.

Client:  
Grand Hotels Bad Ragaz  
Architectur:  
Werner Bänziger AG, Berneck  
Opening:  
Dezember 2007  
Scope of Work:
